A Word from the President...

With our membership in our utmost thoughts we have made the decision to convert this year's conference from an in-person conference to a virtual conference. We, the board, want you to know that your health and safety is our foremost concern and with COVID 19 cases still rising in places, we decided it best to think outside of the box and offer you some education hours from the safety of your office/home. We realize that even though this year has it's own trials you may still need education credits to maintain your certification. We are striving to offer an agenda very similar to what our in person conference would have been.

A few details for this years virtual conference...

1. If you have paid for the conference, we will refund your money. Please contact Carla Jordan to let her know who your check should be addressed to and where to send the refund. E-mail Carla at Carla.jordan@balladhealth.org.
2. We recognize that everyone is busy and trying to tune in for two days of educational sessions would be difficult therefore we are scheduling them in one hour increments from September 23 through November 3.
3. If you have paid your membership dues then you will receive notices to reserve the time on your calendars once a week. These will be **free** sessions (yes, **free**). You will receive one CEU of credit from NAMSS for each one.
4. If you know someone that hasn't joined our organization, now would be a great time to encourage them to do so. Once we receive their membership fees they too will be invited to join us for the webinars.
5. It will be vital that you actually login to the Webinars with your name, so that you will receive credit for attending.
6. We will reschedule the study review course as part of our 2021 conference.

Amy Trivett, CPCS, CPMSM
President

Agenda
